

Atul Khatri

Profile

Atul Khatri is a 40+ guy, we're talking about his age not IQ. A Mumbai based businessman who got up late in life and decided to do English Standup comedy so that he could tick it off his own bucket list. An Indian Computer Engineer and a British Management Scholar who always orders soup one by two even when he is eating alone.

He brings in a fresh 40+ perspective in to this world of standup comedy.

CNN-IBN recently rated him as one of the top 20 Comedians in India to watch out for

He recently won 'CEOS GOT TALENT' trophy competing against 11 other CEOs
